**PROCEDURES TO ESTABLISH NEW RATES – (Unchanged)**

The parties hereby agree that the following procedures will be followed to establish wage rates for:

(1) Employee(s) assigned to operate new equipment or machinery ordered during the term of this Agreement to replace existing equipment or machinery where such new equipment or machinery will significantly change the previous duties, skills, efforts, functions, and responsibilities of such employee(s) who were assigned to and operated the equipment or machinery being replaced, and for,

(2) Employee(s) who, irrespective of any new equipment or machinery, experience a significant change from their previous duties, skills, efforts, function, and responsibilities while continuing in their existing position(s) during the term of this Agreement.

The parties agree that the term “significant(ly) change” means that the employee(s) will spend a preponderance of their time performing new and substantially increased, or decreased, duties, skills, efforts, functions, and responsibilities.

**A.** GPO will notify the Union (s) in writing within ten (10) working days of ordering any new equipment or machinery which is substantially different from the existing equipment or machinery it replaces, and which will result in a significant change in duties, skills, efforts, functions and responsibilities of the employee(s) assigned to and operating the equipment or machinery being replaced.

**B.** In accordance with applicable provisions of the Federal Service Labor-Management Relations Statute, and supplemental collective bargaining agreement, GPO will afford the Union(s) the opportunity to negotiate upon the impact and implementation of the introduction of such new equipment or machinery.

**C.** If any impacted Union(s) desires to negotiate on the impact of the introduction of such new equipment or machinery, it must within fifteen (15) calendar days of receipt of the ‘Notification’ letter in accordance with paragraph A, notify, in writing, the Director of Labor Relations of its intentions. The parties may agree to hold negotiations in abeyance for ninety (90) days after the equipment or machinery is placed into production in order to provide time for the assessment of the changes, if any, in duties.

**D.** A Union(s) desiring to negotiate the impact upon an employee(s) who, irrespective of the new equipment or machinery, believe(s) they have experienced a significant change from their previous duties, skills, efforts, functions, and responsibilities while continuing in their existing position(s), must notify, in writing, the Director of Labor Relations of its intentions within thirty (30) days of the institution of the asserted change(s). The notification shall include a description of the asserted change(s) in the duties, skills, efforts, functions, and responsibilities of such employee(s).

**E.** Upon such written request under either paragraph **C** or **D** preceding, GPO will meet within ten (10) working days, or later as mutually agreed by GPO and the affected Union(s) where it may not be possible to determine a fair rate in advance of active production experience, to discuss the appropriate pay rate(s) for the employee(s) described in paragraph **A** and **D**. The new pay rate(s), if any, shall be based upon, and be consistent with, then existing GPO rate(s) which require similar duties, skills, efforts, functions, and

responsibilities. Where relevant, the parties may also consider pay rates in the public and private sectors involving similar equipment or machinery, or where such change is irrespective of equipment or machinery, similar duties, skills, efforts, functions, and responsibilities.

**F.** If, after forty-five (45) calendar days following the first negotiation session under paragraph **E** preceding, the parties have not reached agreement, GPO may implement its final offer upon ten (10) calendar days written notice.

**G.** GPO shall proceed to mediation-arbitration with the impacted Union(s) if it submits, in writing, to the Director of Labor Relations, within ten (10) calendar days of the notification provided for under paragraph **F**, a request to proceed with mediation-arbitration. Upon receipt of such request, the pay action of GPO will be stayed, if that action would be a reduction in the existing wages. The usage of the equipment or machinery will not be impacted by the stay action or the mediation-arbitration proceedings.

**H.** To provide for the mediation-arbitration provisions of paragraph **G** preceding, GPO and the JBC will develop a panel of five (5) arbitrators to be employed as mediation-arbitration neutrals. Members of the panel will hear cases in rotation. It is agreed that an arbitrator may be stricken from the panel, and a substitute panel member agreed upon, at any time except when such arbitrator is next in line to hear a case.

**I.** An arbitrator (Neutral) will be selected on the basis of availability for a hearing within thirty (30) days. The cost of the mediation-arbitration proceeding, including transcripts, will be paid one-half ( $\frac{1}{2}$ ) by GPO and one-half ( $\frac{1}{2}$ ) by the Union(s) participating in the proceeding. The hearing or mediation session will be held at GPO.

**J.** The Neutral will, as promptly as possible, meet with the parties to attempt to resolve the dispute through mediation or, if necessary, through arbitration, after such hearing, or other procedure or procedures, as the Neutral shall determine to be appropriate in all the circumstances.

**K.** The Neutral shall issue a decision stating his/her resolution of the issues that remain in dispute within thirty (30) calendar days of the completion of the hearing or procedure(s) utilized. The agreement and/or resolution may be retroactive to the date of the change or prospective only, as mutually determined by the parties, or as the Neutral shall determine.

The parties agree that, for the purposes of retroactivity, the date of the change may be fixed no earlier than the date of active production of such new equipment or machinery, or, for changes irrespective of equipment or machinery, the date of the notification by the affected Union(s) to GPO as required by paragraph **D** preceding.

The Neutral shall provide the parties with a Statement of Findings, and an opinion supporting the resolution of each disputed issue. A decision rendered by the Neutral under the procedures established by this Article shall be limited to and shall have binding effect only as to the wage rate at issue.

**L.** Any agreement or resolution reached through the procedures described in this Article shall be final and binding upon GPO and the affected Union(s) for the duration of this Agreement and shall remain in effect thereafter unless changed by the parties through bargaining pursuant to 44 U.S.C. § 305.

**M.** The pay/salary retention provision of GPO Instruction 640.7E (or as may be amended), shall apply to any incumbent employee whose rate of pay is established as a result of this Article. The new rate(s) of pay, if lower, shall only be applicable to any employee(s) hired, promoted, or voluntarily assigned, after the new rate(s) of pay has (have) been fixed by the Neutral, or when mutually agreed to by the parties.

**N.** Nothing in this Article, or Agreement, shall be read to prevent GPO from introducing new equipment, machinery, or methods, or from assigning employee(s) to perform available work.

## **ARTICLE X**

### **GRIEVANCES – (Unchanged)**

For grievances involving the application or interpretation of this Agreement, the parties will use the procedures in Article VII, Grievances and Arbitration, of the current Master Agreement. Either party may appeal a decision of an arbitrator under the procedures of 5 U.S.C. § 7122. GPO retains any other applicable appeal right.
